

Dear Valued Client,

Now is the time to review your 2027 plan. You should have received your Annual Notice of Change booklet outlining any benefit changes. If you're happy with your current plan, no action is needed, it will renew automatically. However if you are unsatisfied with the changes to your plan I would be happy to meet with you in person to discuss your plan options for 2027.

If you have been diagnosed with a chronic heart condition or diabetes, you may qualify for a special plan with enhanced benefits. Please contact me if you think this may apply to you.

BEFORE you make any changes to your Medicare coverage based on an unsolicited phone call, text message or email please exercise caution. **DO NOT GIVE OUT PERSONALLY INFORMATION OVER THE PHONE.** Avoid enrolling over the phone with someone you don't know. Give me a call, I'm here to help you understand your benefits and make sure you're in the right plan.

Thank you for the opportunity to serve you. I look forward to a great 2027!
